Santa Clara No Match For Fast California Team

BERKELEY, Sept. 29.—(UP)—The University of California Bears won an easy game from the University of Santa Clara here this afternoon by a score of 22 to 0. Coach Nibs Price started his regular lineup and then threw in a flock of substitutes as the game progressed.

After being on even terms throughout the opening quarters, the Bears began a campaign of aggressiveness that made its own breaks and within a few seconds Capt. Irving Phillips had scooped up a Santa Clara fumble and

County Net Tourney Starts In Richmond

Contra Costa county men's tennis tournament got off to a good start yesterday afternoon on the city hall courts, despite the fact that football lured many of the players out of town.

R. P. Benjamin and Albert Weinberg emerged victors in their matches and in the doubles Benjamin and Stickney won their match.

Benjamin defeated Morris Goldman, 7-5, 6-2. Benjamin is an experienced player and had little opposition from Goldman. Albert Weinberg defeated Ed Fanning, 6-2, 6-3. Weinberg is a seeded player and Fanning was no match for him.

In the doubles, Benjamin and Stickney, veteran double combination of Oakland, defeated Remell and Kruger of Richmond, 6-2, 6-2. Dan Doran won from Bill Olney, Sam Welles from Stanley Smith and Clare Bryant from Gabriel Dugan by defaults. Mike Loebe of Oleum was forced to withdraw from the tourney on account of being sent to Los Angeles with other Union Oil company workers.

Today's matches promises to bring out crowd for many interesting matches are scheduled.

Richmond Gridders Defeat Fremont

Richmond Union high school eleven came out on top in their clash with the Fremont high gridders yesterday afternoon in Oakland, adding the third victory to the 1928 record of Coach Ivan Hill's warriors. The score ended 13 to 0 with the Fremonters failing to score.

Scarcella on a line drive through center carried the ball across the goal line for the first touchdown of the game. This was in the first seven minutes of play.

Gordon in the last quarter of the game recovered a fumble and rushed 50 yards down the field for the second score.

The Richmond lineup: Dalton and Dregan, ends; Carson and Neckel, tackles; Leonetti and Peters, guards; Truitt, center; Lane, a half; Baldwin, quarter and Scarcella, fullback.

Next Friday on the home field, Richmond faces a battle with Alameda high school and the following Friday they clash with the Berkeley team.

Diplomacy To Aid Of Gene's Wedding

ROME, Sept. 29.—(UP)—American diplomacy stepped in today to help Gene Tunney in his shadow boxing contest with Italian matrimonial red tape.

The American consulate at Naples entered the ring just in time to save the former champion another tortuous day of tramping from bureau to bureau in an effort to convince kindly but firm Italian authorities that he wanted to marry Miss Mary Josephine Lauer.

Tunney went to bed at the Hotel de Russie last night thoroughly convinced that a marriage in Italy is something to be looked forward to, argued over and thought about for months ahead. Even after a night of thinking is over, the outlook was apparently very cloudy, for Tunney's secretary announced this morning that the marriage in Italy "is not at all certain." The statement, however, was passed over here as an attack of early morning pessimism.

Olympic Gridders Defeat Cardinals

STANFORD, Sept. 29.—(UP)—The Olympic club of San Francisco evaded the score with an ancient enemy today when their football team defeated the Stanford Cardinals by a score of 12 to 6.

Throughout the first half Stanford outplayed the clubmen in every department. The cardinals scored in the first quarter when a pass from Hoffman to Wilson placed the ball on the Olympic club's 7 yard line. The Stanford captain then plunged through center for the score. His try at

LANE COMPANY MAY PAY ALL CREDITORS

SAN FRANCISCO, Sept. 29.—(UP)—Hope was kindled here today for creditors of H. G. Lane & Co., defunct brokerage house that recently closed doors in San Francisco, Oakland, Salt Lake, Portland and other western cities.

Samuel Shortridge, receiver for the firm, announced that outside interests were negotiating for purchasing the business and consummation of the deal would mean payment, probably in full, of legitimate claims against the house.

The Lane Company closed its doors by order of the Federal court here recently.

Guy Wolf, former secretary-manager of the Richmond chamber of commerce, was manager of the Oakland office of the Lane company and has assisted in the reorganization and straightening out of affairs of the company.

NAVY PACT HIT BY REJECTION

LONDON, Sept. 29.—(UP)—Authoritative circles here today admitted that the American note unqualifiedly rejecting the Anglo-French naval agreement will mean the speedy death of the pact.

While the American reply was not wholly unexpected here, a state of confusion has followed its receipt. Well informed circles refused today even to hazard a guess what the rejection of the proposal will result in. There was no indication whether the British government will now reply to the American note, or whether the full text of the Anglo-French agreement will be published.

The publication of the American note has resulted in almost unparalleled abuse of the government by virtually all sections of the press. Most of the criticism was heaped upon the government for its handling of the entire matter.

JUDGE FACING AIMEE ROW CHARGES

LOS ANGELES, Sept. 29.—(UP)—Superior court will be asked to hold Superior Judge Carlos S. Hardy in contempt for his refusal to answer questions today at the state bar committee's examination of his receipt of a \$2500 check from Aimee Simple McPherson and her mother, Mrs. Minnie Kennedy.

The order requesting he be held in contempt was signed by Eugene Daney, San Diego, chairman of the bar committee.

The first indication that Justice Hardy resented the probe of the check came when his attorney, Joe Scott, started to speak at the hearing today.

Scott said the State Bar association was headed for disaster if it intended to conduct public hearings to investigate rumors and newspaper reports.

The attorney asked if the committee proposed to conduct the probe of Judge Hardy as a judge of the superior court or as a practicing attorney.

In the first instance, the Bar association was without jurisdiction, he said and in the second Judge Hardy should have been notified of the specific charges.

Shortly thereafter Judge Hardy refused to be sworn and the hearing broke up.

2 Freed On Bail, Six Jailed To Await Trial

At an early hour this morning the county dry squad added two women to the list of those arrested in the Richmond district on dry law violations. Bernice Tont and Lena Smith of the "Black Cat Barbecue" were arrested and charged with operating a common nuisance in violation of the Wright act. They were taken to the county jail in lieu of \$1000 bail each.

County prohibition officers led by Clyde Laird, chief of the county squad, swooped down upon the Richmond district last night and arrested six men, charged with sale and possession of liquor.

In El Cerrito, the squad reported they seized a quantity of liquor from Pat Howard and Joe and Henry Morris after one of the agents had purchased liquor in each of the places, according to authorities.

M. M. "Buck" Molloy and J. J. Nunes of San Pablo were the next to receive a visit from the county squad.

Santa Cruz Man Held In Death Of Rich Companion

SANTA CRUZ, Sept. 29.—(UP)—L. A. Thornewill was arrested here today and placed in jail on an open charge awaiting further investigation of the death of Mrs. Cora Mead, wife of a wealthy Chicago manufacturer.

Thornewill was questioned when the body of Mrs. Mead was first found in the kitchen of her home with a bullet hole through her head. He admitted he called on her the night her body was found, but insisted that he left the house some time before her death.

For seven years Mrs. Mead and Thornewill had lived together here. A short time ago he moved to another house in Santa Cruz.

Superior N. P. Sinnott declined to give details of the circumstances leading up to Thornewill's arrest but admitted that the prisoner has been under surveillance for several days and had been given his freedom so he could be watched.

THORNEWILL WATCHED
Thornewill denied it was a raid on his bar which was discovered clutched in the hand of the dead woman or that he had inflicted scratches and bruises on her body.

E. O. Heinrich, Berkeley criminologist is enroute here to participate in the probe of the mystery slaying at first believed suicide by local authorities and now declared to have been a carefully planned murder.

Heinrich will be called upon to examine the tuft of light hair found in the dead woman's fingers and to advance a theory accounting for the absence of fingerprints on the gun believed to have been used in the slaying.

Bay Searched For Lost Aviator, Girl

BEVERLY, Sept. 29.—(UP)—An overturned canoe is the only clue to the possible fate of Miss Grisel Gette Heynemann, socially prominent stepdaughter of Henry H. Heynemann, wealthy San Rafael mortician, and Lieut. Paul L. Wodgers, Army flier, missing since shortly after they went for a moonlight ride at Belvedere Friday night.

Airplanes scouted over the bay yesterday and divers searched in the waters in an effort to find traces of the couple. They were last seen by a Sausalito policeman at about 10:30 o'clock. They did not seem to be in distress. Passers by on the Sausalito-Belvedere ferry also noticed them.

The overturned canoe was found yesterday morning at 10 o'clock by James C. Farrell, San Francisco insurance man, who was looking for them in his launch. The canoe was found at Corinthian Island a short distance from the boat landing.

The couple was engaged and belief was first expressed that they had eloped but as the hours dragged by and no word was received, this theory was discarded.

Hoover Scores Rum, Church Campaign

WASHINGTON, Sept. 29.—(UP)—Herbert Hoover today expressed resentment against injection of a "Romanism and rum" theme into the campaign, and the republican national committee followed this by undertaking to prevent reappearance of the religious question in campaign literature.

The committee made clear its wishes to guard against any campaign activities which would leave its campaigners, men or women, open to charges of injecting the religious issue into the presidential battle.

Hoover started this movement by issuing a statement expressing indignation at the circular letter signed by Mrs. Willie M. Caldwell, republican national committee-woman of Virginia, urging women to "save the United States from being romanized and rum-ridden."

RELIEF WORK OF RED CROSS

That noble American institution, the Red Cross, is again to the fore with its helping hand, this time at work which we of the United States can visualize. It is hurrying into the devastated areas left by the West Indian hurricane to bring life and restore opportunity to the tens of thousands of island and mainland dwellers who have stood the brunt of angry and uncontrolled nature.

We Americans do not very clearly see what the Red Cross is trying to do in China, where war, pestilence, flood and famine have reared their heads to torture and kill not hundreds or thousands, but possibly millions. It is far to look across the Pacific into a land so thoroughly alien as China, but the storm that has worked grim destruction in Porto Rico and the neighboring isles, has been tapping at one of our own states, exposed to the fury of the elements. That we can see, for it is right at home.

President Coolidge has called on the American people for generous help, and if they respond this time as they have always in the past, there need be no fear of the outcome.

Human leadership cannot be replenished by selection like queen bees, by divine right or bureaucracies, but by the free rise of ability, character and intelligence.—*Herbert Hoover.*

The Presidency is more than executive responsibility. It is the inspiring symbol of all that is highest in America's purpose and ideals.—*Herbert Hoover.*

We do not suppose getting our nourishment in the future in small chemical capsules will make much difference, with so many lunching in the drug stores as it is.—*Detroit News.*

Old-time politicians frequently carry water on both shoulders. But it's a new stunt to carry water on one and hooch on the other.

Prohibition enthusiasts who advocate the use of poison gas to close up speakeasies ought to know that gas holds no terrors to persons accustomed to present-day liquor.—*Boston Globe.*

It's just our luck. At the very time automobile tires have gone down to unheard of figures the price of gasoline commences to go up.

Anyhow it is our opinion that fishing and swimming are better recreations for candidates than kissing babies and handing out doubtful cigars.

When a man starts out to forget his past he usually succeeds only in forgetting his debts.

A cheerful man is one who knows it is impossible for things to be as bad as he thinks they are.

Lots of people drive as if they were going for the doctor. And some who don't know it really are.

Saving is a fine habit. But be careful what you save. Don't try to save all your good deeds for the future.

If it was not for the pronoun "I" some men wouldn't know how to begin a sentence.

The zebra is a kind of ass, but it's his sporty coat that makes him look so collegiate.—*Washington Post.*

Announcement is made that "the short skirt must which way?"—*Toledo Blade.*

These days they promise to love, humor and obey pulses.

Julie Says—

BEAUTY

Dandruff is always with us. And if there is anything we could nicely dispense with it is that white scaly covering on the scalp.

In response to the recent letters asking for a dandruff cure, I will repeat the formula I have mentioned before which I have found efficacious in clearing up this unsightly nuisance. Ask your druggist to make up an ointment of one dram of precipitated sulphur, 20 grains of salicylic acid, and one ounce of ointment of rose water.

With just a little of the mixture on your fingertips, massage the scalp gently every night for six nights and on the seventh night, shampoo with a pure liquid soap and soft water. If the first week's application don't clear it up, try it for another week.

Keeping your hair in good condition by brushing and correct shampooing are essential in preventing dandruff. You can help to keep the scalp healthy by occasional massage.

Dear Miss Lign:

I am slender, but not skinnily, but my cheeks are positively hollow and give me a "wasted away" appearance. I don't particularly want to put on any additional weight, but I would like to fill out my face. Will massage help?

Well, massage with a good nourishing cream certainly won't hurt, but I doubt sincerely if it will completely fill out the hollows in

your cheeks. I'm afraid that you will have to try to put on a little extra weight by plenty of rest, fattening foods and exercise. Perhaps you're thinner than you want to be.

CHILDREN ARE NEW HAZARDS FOR MOTORISTS

Three quarters of a million new hazards for motorists are now present on the streets and highways of California. More than 100,000 of these are exceptionally from their classes daily over city

dangerous and require all the care, skill and courtesy that motor vehicle operators possess. This is the summary of the opening of the Fall school term as it is viewed by the Public Safety Department of the California State Automobile Association. The schools began opening last month in various parts of the state and by now in every county the Fall term is under way. The figures quoted are from the records of the State superintendent of schools.

There are children in groups of schools. More than 100,000 of these are exceptionally from their classes daily over city

streets and rural roads, the Association points out. They are intent upon their play or their studies. Thousands of them are making their first venture into streets and road alone and are unaccustomed to the hazards of modern traffic. Many will pay little attention to traffic and, unless motorists are watchful to the utmost, tragedy may mark the school days of some of these youngsters.

Recent statistics estimate that 30 per cent of the nation's toll of automobile accident fatalities consists of children of school age.

"Look out for the kiddies" is the watchword suggested by the Automobile Association for motorists. In cooperation with state and county boards of education, with superintendents, principals and teachers, the motorists' organization is endeavoring to plant thoughts of safety in every youthful mind through traffic safety posters, lessons, talks and practical suggestions. It advocates pedestrian control, adequate signing, traffic signals and other tested aids to safety in addition to its educational work in the schools. A major feature of its concerted program to protect children is the organization of older boys into public school Traffic Reserve units to patrol intersections near schools.

In the final analysis, it has been demonstrated, safety of the children is up to the individual driver. Every person who handles the wheel of an automobile should realize this responsibility.

Studebaker's Pledge to the Public on Used Car Sales

We sell USED cars on the same basis as we sell NEW cars —ONE PRICE —THE SAME PRICE TO ALL—every car honestly represented and honestly priced. You can buy any one of our fine used cars—under the protection of the Studebaker Pledge—and know you have made an investment in a quality car that will last longer, give infinitely more satisfaction, riding comfort, and power than a new car of cheap construction and uncertain life.

Measure used car value by the Studebaker Pledge. No matter what make of used car you intend to buy you can not afford to purchase without first seeing our fine selection of open and closed models, painted in popular and striking color combinations, and backed by the Pledge that is your protection.

1—All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic, who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2—All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3—Every used car is conspicuously marked with its price, in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price to all." For to sell cars on this basis, every one of them must be honestly priced to begin with.

4—Every purchaser of a used car may drive it for three days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

Simone, Soussignan, late of the Moscow art theatre of Russia, has one of the most important roles in the picture. Nicholas Ichn and Gustave Paros, both Hungarians, and George Periolat, French, have supporting roles.

"The Night Watch" was directed by Alexander Korda, also of Hungary.

The fourth and last reel of the star kissing contest will be shown this week.

Other short features will be shown.

Salvation Army Aiding Victims Of Storm Area

The Salvation Army is assisting with relief work in the hurricane stricken area of Florida, according to a telegram received by Captain O. J. Knutson of the Richmond post from West Palm Beach, the heart of the storm area.

According to the message received the Salvation Army has taken care of 600 families and supplied 4000 persons with clothing.

The telegram sent by Brig. Donald McMillan, in charge of the Florida district, is as follows: "The storm effects are much more serious than the Miami disaster of 1926. Salvation Army officers are on the job from the earliest hours of the storm and so far have housed and fed 6000. Four thousand individuals have been supplied with clothing. The Salvation Army is co-operating with the citizen's committee and distributing all clothing in the Palm Beach county devastated area."

"We are opening new depots wherever needed and are making a close checkup on the outlying districts and suburbs for isolated storm sufferers, also placing all our resources and accommodations for relief purposes."

"Many of our officers have labored night and day during the entire week."

Check Passer Adds Insult To Injury

MARTINEZ, Sept. 29.—City Councilman George Winkelman all "burned up" today. Winkelman discovered that he had unknowingly kept stolen property in his ice box at his market for over a week. To cap the climax, the property had been stolen from him.

The proprietor of a near-by pool hall last week brought two packages, containing ham and bacon to Winkelman and asked him to keep them on ice until the owner claimed them. The packages had been left in the pool hall.

Today Winkelman opened the packages and found that they contained articles which he had sold to a stranger. The stranger, who gave him the name as "Howard," paid for the purchases with a bad check.

Chief of Police Charles Palmer believes that the thief abandoned the meat, rather than attempt its sale.

An unusually good production is in store for patrons of the California theatre today.

Nat Holt's comedians will present "Hey Sheriff."

The comedy in this film revolves around a small town rule sheriff and will give you a real thrill. This is a riot of fun, this show is without exception the best one of the repertoire. Every member of the cast will have unusually good parts. There are three scenes and the scenic department promises a visual treat.

Bobby Fitzsimmons and Valerie Noves will offer "Dream House" as a duet specialty with the Honey Girls, while the Knight sisters will present a neat novelty.

"Somebody Loves Me" will be presented by Jimmy Edwards and the Girls and Mack Mahon a new member will do his clever comedy specialty.

The fourth reel of the star kissing contest will be screened.

Drab Clothing Ruins Actress' Peace Of Mind

Cotton stockings and drab clothing, universally banned by the average modern woman, have a peculiar effect upon an actress, according to Virginia Valli, Fox Films player who has the featured feminine role opposite William Russell in "The Escape" which is at the California theatre only.

"In many of my recent productions," said Miss Valli, "I have been dressed within an inch of my life. When Mr. Rosson asked me to accept the feminine lead in 'The Escape,' he promised me a startling change, and added that I would be surprised."

"I was surprised at first, and even welcomed the change, but after wearing plain hose and navy-blue skirts for three weeks, I was more than ready to try bright modish gowns and silk hose and feel glad of the opportunity."

Nat Holt's comedians and Fox News are on the program for the day.

"HEY, SHERIFF" APPEARS AT CALIFORNIA

An unusually good production is in store for patrons of the California theatre today.

Nat Holt's comedians will present "Hey Sheriff."

The comedy in this film revolves around a small town rule sheriff and will give you a real thrill. This is a riot of fun, this show is without exception the best one of the repertoire. Every member of the cast will have unusually good parts. There are three scenes and the scenic department promises a visual treat.

Bobby Fitzsimmons and Valerie Noves will offer "Dream House" as a duet specialty with the Honey Girls, while the Knight sisters will present a neat novelty.

"Somebody Loves Me" will be presented by Jimmy Edwards and the Girls and Mack Mahon a new member will do his clever comedy specialty.

The fourth reel of the star kissing contest will be screened.

Drab Clothing Ruins Actress' Peace Of Mind

Cotton stockings and drab clothing, universally banned by the average modern woman, have a peculiar effect upon an actress, according to Virginia Valli, Fox Films player who has the featured feminine role opposite William Russell in "The Escape" which is at the California theatre only.

"In many of my recent productions," said Miss Valli, "I have been dressed within an inch of my life. When Mr. Rosson asked me to accept the feminine lead in 'The Escape,' he promised me a startling change, and added that I would be surprised."

"I was surprised at first, and even welcomed the change, but after wearing plain hose and navy-blue skirts for three weeks, I was more than ready to try bright modish gowns and silk hose and feel glad of the opportunity."

Nat Holt's comedians and Fox News are on the program for the day.

STANDARD CASH DIVIDEND IN PROSPECT

Prospects of Standard Oil company of California issuing a cash dividend at its November meeting of the board of directors is being discussed in financial circles.

The New York News bureau, in speculating as to what form of distribution the huge surplus of the company will take, comments: "Since 1912, the company has passed up only four years without making some sort of extra dividend to stockholders, ranging from stock dividends or rights to extra cash dividends. The last extra was 1 1/2 cents cash paid in March, 1927, while last stock dividend was 100 percent, paid in December, 1922."

"When directors meet in the first week of November for dividend action, it is believed that they will find it consistent with their usual conservative policy to make an extra disbursement. What form of action will be taken is highly speculative at this time as those close to the affairs of the company point out that only the most informal discussions on the subject have been held to date."

"An inspection of the company's financial setup as of December 31, 1927, however, reveals the possibility of an extra cash dividend as being most likely. Surplus of Standard Oil of California was approximately \$238,000,000 on that date, with a total of 12,594,098 shares of stock outstanding of an authorized capitalization of 15,000,000 shares."

"Any great addition to this amount of stock would possibly prove unwieldy, so the probability of capitalizing the company surplus appears unlikely."

"On the other hand there is every reason to believe at this time that they will see fit to declare an extra cash dividend for the final quarter of 1928 of at least 50 cents per share. In some quarters it is firmly declared there is indication that the extra will be \$1 per share, thereby placing the yield for the current year on a parity with that of the Standard of Indiana."

Duck Hunters Promised Good Bird Season

There they go and here they come.

By which it is officially announced for all concerned that there go the Richmond duck hunters and here comes the game. Richmond nimrods started their trek from their homes yesterday to be on hand in the blinds when old John Law says it will be all right to look to the skies for meat on the table.

Tomorrow morning will see the official opening of the season for this year. Just where they got their first hand information is not revealed but those in the know insist that the hunting will be good this year. The river and slough districts report that large numbers of the birds have been seen.

Ducks have also been reported as coming by the thousands to feed at the baited reservoirs. It looks like a long and glorious season for the nimrods.
